ATV crash claims teen's life

An ATV accident Sunday, March 19, in Kinston claimed the life of a teenager.

John Parker "JP" Howerton, age 13, died as a result of injuries he sustained from an ATV crash, according to Coffee County Coroner Arnold Woodham. He said Howerton was pronounced dead at the scene of the accident.

Woodham said the ATV, in which Howerton was operating, seemingly rolled over on Gilmer Street around 2:30

p.m. Sunday afternoon, and the teen was killed.

Reportedly, there was another female juvenile involved in the crash with Howerton, but authorities said that youngster was not injured.

Howerton was a student at Samson Middle School in Samson, Ala. Funeral services are planned for Friday, March 24, at Samson First Baptist Church [see obituary on Page 3].

THE VEHICLE SHOWN ABOVE WAS DAMAGED IN A TWO-VEHICLE CRASH early Wednesday morning, March 15, at the intersection of U.S. Highway 84 and Alabama Highway 125 around the 8 a.m. hour. Reportedly, the vehicle captured above was waiting to make a turn when it was hit in the rear by a second vehicle. The accident was investigated by Elba Police. There did not appear to be any personal injury to those involved in the crash, only vehicle damages.

ALEA launches "Think Smart Before You Start Spring Break" campaign

Monday, March 20, marked the first official day of spring, meaning vacation and spring break travel plans are on the rise.

While the Alabama Law Enforcement Agency (ALEA) will continue to focus on dangerous driving behaviors such as speeding, following too closely and distracted driving, a top priority this year during 'Spring Break' is impaired driving and the dangers of opioids.

"Governor Kay Ivey announced during the annual State of the State Address that she has tasked ALEA with combatting dangerous opioids such as Fentanyl, through the State's Drug Task Force," said ALEA Secretary Hal Taylor. "The opioid crisis is a growing issue across the nation, and it affects our communities, schools and our loved ones. I would like to reassure the citizens of Alabama that this is a top priority of ALEA and we will continue to viciously combat the opioid epidemic through all areas of law enforcement to preserve public safety. This includes targeted enforcement initiatives reducing both drug trafficking as well as impaired driving, in conjunction with educational campaigns and community outreach programs."

Troopers along with Special Agents within ALEA's State Bureau of Investigation (SBI) regularly partner with local schools and other organizations such as Mothers Against Drunk Driving (MADD), the Alabama Farmers Federation (ALFA) and the Alabama Alcoholic Beverage and Control (ABC) Board to conduct educational events across the state including the Fatal Vision Program, Operation Save Teens and ABC's Underage, Under Arrest Program. All three programs provide insight to the dangers of driving while im-

paired and the consequences of consuming alcohol and drugs. SBI utilizes goggles within its Fatal Vision program which simulate the effects of two different types of impairment, one which simulates the impairment of drugs and the other alcohol. Since the beginning of the current fiscal year, ALEA Special Agents and Troopers have conducted 107 of these specialized community outreach events.

Director of ALEA's Department of Public Safety (DPS), Colonel Jon Archer said, "Driving while impaired by any substance, legal or illegal, puts all motorists on Alabama roadways at risk. While spring break, prom and other seasonal activities are around the corner, we encourage parents to take this opportunity to

speak directly to their children about the dangers of opioids at parties or other social gatherings and have a real conversation about the dangers of driving while impaired. To the students, we ask that you please 'think smart before you start this spring break' and speak up if you see a friend or loved one preparing to drive impaired."

Many substances can impair driving, including alcohol, marijuana, opioids, methamphetamines, or any potentially impairing drug-prescribed or over the counter. Alcohol, marijuana, and other drugs can impair the ability to drive because they slow coordination, judgment, and reaction times. Cocaine and methamphetamine can lead to aggressive and reckless driving

Elba Public Library hosts author Jeffrey K. Smith

The Elba Public Library hosted author Jeffrey K. Smith, an Enterprise, Ala. native, last Friday March 17, for a reception and book talk.

Smith's latest published work is entitled, "A Pea River Progeny: Alabama's Colorful and Controversial Governor - revolutionized gubernatorial campaign strategies," Smith said. "He left a memorable legacy in

signed copies for fans during the afternoon event. This is Smith's 21st book overall to be published. According to the author, Governor Folsom changed politics in Alabama.

"The man who served as Alabama's 43rd and 45th governor - revolutionized gubernatorial campaign strategies," Smith said. "He left a memorable legacy in

his wake."

Elba Public Library director Jennifer Amlong said the local library was honored to host Smith for this event, and she thanked all the community members that came out to talk with and listen to the author. She said she hopes to continue to bring events, like this, to the Elba Public Library.

"I don't like to commit myself about heaven and hell – you see, I have friends in both places" – Mark Twain

City officials in Plymouth, England pulled a 'first' recently. They hired tree cutters to fell a lot of downtown city trees RIGHT IN THE MIDDLE OF THE NIGHT because of ongoing public opposition to removing the trees. They were stopped from cutting more trees (after dropping 110 of the stately trees) by a court injunction, served on them at 1:00 AM! Protesters who tried physically to stop any of the cutting were either driven back or arrested by an even larger group of police and specially hired security guards. The official reason for cutting the trees was they were trying to save downtown Plymouth. Protesters responded by suggesting the officials may have succeeded in doing what they claimed to be stopping. Reading the reports and amount of opposition that caused them to resort to middle-of-the-night work will make it impossible for any of those officials to ever be reelected to public office again (16,000 area citizens had already signed petitions opposing the cutting of the trees).

The official announcement last week about Elba's new industry was exciting to most, if not all, local citizens. The transformer company will be located in the former Hickman Moving and Storage facility on Industrial Blvd. as soon as the renovation work is completed. Local folks should express gratitude to all those involved with the efforts that resulted in those folks moving to Elba.

Alabama politicians have played around with 'build it-don't build it' on the additional state prisons until now the cost of building the first of two planned prisons has ballooned over \$350 million to just shy of the one billion dollar mark. This is before any concrete has been poured and no nails driven!

Oh no! Former president Donald Trump last week publicly called for his supporters to openly protest against his "possible" arrest. This is a potential for numerous repeats of the infamous January 6 attack on the U. S. capitol that has several congressional committees investigating him and holding criminal trials against those who participated in the January 6 event. Hopefully we are just seeing buggers where there are none (actually as of mid-day Tuesday there has been no official announcement of his pending arrest).

A weird thing happened to an Elba couple last Saturday night. The doorbell rang, the male family member opened the door but no one was there! However the contents of an envelope left behind included a message – but to someone that didn't live, nor had ever lived, at that house. The couple wants to return it to the rightful owner, but it was only signed with a first name and by a person unknown to the residents, so "what to do with it" is the question.

Be safe, wear your mask when appropriate, social distance, wash your hands AND get the shot(s) and/or boosters (the newest one)!

Alabama begins screening newborns for two additional genetic disorders

The Alabama Department of Public Health (ADPH) announces that on March 13 newborn screening began for two additional treatable genetic disorders.

Newborn screening can alert health-care providers to the potential for a condition that is typically not apparent at birth. With a simple blood screen and treatment, most affected babies have the opportunity to avoid death and disability and grow up healthy and develop normally.

The new disorders added to

Alabama's newborn screening panel are described as follows:

X-linked Adrenoleukodystrophy (X-ALD) is a rare genetic disorder caused by a change in a single gene that affects males. X-ALD happens when certain fats cannot be broken down in the body. The fats build up and cause health problems including damage to the nervous system and adrenal glands. Possible treatments for X-ALD include supportive therapies (such as physical therapy), steroid treatment and stem cell trans-

plants.
Adenosine Deaminase Deficiency for Severe Combined Immunodeficiency (ADA-SCID) is an inherited disorder that damages the immune system. Individuals with ADA-SCID lack all immune protection from bacteria, viruses and fungi. It can be deadly in childhood because of severe recurrent infections. Gene therapy, bone marrow transplantation

LETTERS TO THE EDITOR

To the Members of the Elba High School Class of 1966:

On behalf of the board officers and members of the Elba High School Alumni Association, I extend a heartfelt thank you to you all for your generous donation of \$500 made recently to our association.

The Elba High School Alumni Association was formed to be an asset/resource for Elba City Schools. Each year, the association provides \$3,000 in scholarship monies to graduating seniors [a \$1,500 scholarship for a male graduate and a \$1,500 scholarship for a female graduate]. To this date, over \$21,000 has been pro-

vided in scholarship monies, and we plan to add to that total in May.

On top of that, the association's board works closely with the schools, and strives to assist with needs that may arise throughout each school year. We are only able to accomplish these things through support of alumni such as your class members. We rely on membership dues, an annual golf tournament fundraiser, and private donation, like yours, to allow us to help Elba City Schools.

As always...It's Great to be an Elba Tiger!!

Sincerely,
Linda Hodge, president
Elba High School Alumni Association

Editor's Note: Cuzin Lou Lou's tales are to be enjoyed as a light-hearted form of Southern expression

Cuzin Lou Lou took a day off from work last Friday, and she and Papa spent the morning together.

Their day began with a trip to the local top breakfast eatery in the land of Yonder – a convenience store. Sister was not privy to this information because she had to work that morning; but, that did not stop her from inquiring later in the day as to where Lou Lou and Papa "ate breakfast." Apparently, Sister knows them pretty well because she "asked" in an accusatory manner rather than an

actual question.

After breakfast, Lou Lou and Papa returned home to work on a Lou 2 project. The cowl seal needed replacing.

This project required the windshield to be lowered on the jeep. Right away, Papa broke a tool trying to loosen some bolts, which meant loading up and taking a ride down to the local parts store.

As the two entered the store, their friends joked about not being able to believe they were seeing them together. Lou Lou responded by asking said friends to not talk about it...she jokingly said she didn't want her reputation ruined!

After several minutes of verbal harassment [in fun] coming from all sides, Lou Lou and Papa headed back home to see if they could make progress on the project without breaking any more tools! Luckily, they did manage to get all the bolts loose without any more incidents; however, after removing all necessary bolts, the windshield still would not budge!

Lou Lou turned to YouTube for a tutorial video to make sure they had done everything properly...they had. The problem was a that 30-year-old windshield had formed a good grip in place over the years, and it just needed a little extra "push" to get it moving!

Use of some extra force and maybe a hammer, and soon the windshield was laying down as it should be to make way for the replacement of the cowl seal! Next up was removing screws holding the old seal in place.

This was a tight area to get to for removal of those screws. Papa was getting frustrated as he was having a hard time getting to them. Lou Lou finally convinced him to move out of the way an allow her to get to them.

Sister says that Papa and Lou Lou are too much alike, and that always makes for an interesting time when the two are working together...she says their tempers flare because they both are stubborn.

Lou Lou pleads the fifth on that one!

Papa gave way. Lou Lou removed the screws, and soon the new cowl seal was in place. All nuts and bolts were put back in place, and it was a job well done!

A short while later, Lou Lou said to Papa, "See. That is why I always tell you to wait and let me help you with projects like this. It gets done quicker with us working together."

The response... "Sometimes, I guess."

Lou Lou just walked away, shaking her head, and rolling her eyes. She later told Sister about the encounter, and she just laughed. Lou Lou decided it was a losing battle for her with either one of them.

Oh well...she'll just look for a new project for Lou 2! That'll make Papa happy when he learns of his next assignment...well...probably not, but it's gonna happen anyway!

Until next time...God Bless and Keep Smiling!

FORESTRY LANDOWNERS TOUR...On Friday, March 10, a landowner's tour was held at the property of Ted Vignola [County Rd. 364, Elba]. The tour was sponsored by the Coffee County Forestry Advisory Committee in conjunction with the Coffee County Conservation District, the Alabama Natural Resources Council, the Alabama Forestry Commission, Alabama Forestry Association, Turkeys for Tomorrow, Alabama Forestry Foundation, and the Natural Resources Conservation Service. This was our largest group ever, a total of 86 attending. Vignola's primary objective with his property is to provide sustained income from timber through proper forest management techniques with emphasis on saw timber. His secondary objective, other than recreation, is enhancing the wildlife population through maintaining wildlife openings while supplying adequate cover for desired wildlife species. Vignola's farm consists of 177 acres with a total of 157 acres in managed pines. During the tour, several interesting subjects were discussed including Drones in Forestry, Pond Management, Hog Management, and Tree Varieties. After lunch, the group enjoyed door prizes including a shotgun!

MASTER GARDENERS DO LANDSCAPE WORK AT HABITAT HOUSE...Members of the Coffee County Master Gardener's Association designed and planted shrubs, knock-out roses, Liriope (monkey grass) and flowers around the front entrance of the 26th Habitat House that is to be dedicated in Coffee County. Special thanks to Premium Petals and Landscape Farm in New Brockton for generously donating six Yaupon Hollies and two Burford Hollies for this project. Shown in photo from left - Ed Speigner, Jacque Hawkins, Brenda Evans, Anne Williams and CCMGA President Rodney Penuel. The dedication and handing over of the keys is scheduled for Sunday, March 26, at 4 p.m., at 512 Rawls Street, Enterprise, Ala.

In addition to under-age drinking and drugs, parents and teens should be aware of candy laced with cannabis, fentanyl and other substances that are manufactured and packaged to look like actual candy. The packaging may only have small changes in spelling and may include such terms as "medicated," "THC" and "60 Minute Activation Time."

Fentanyl is considered a powerful synthetic (lab-made) opioid that is FDA-approved to treat severe pain related to surgery or complex pain conditions. Over the past decade, fentanyl that is made and distributed illegally and other illegally made synthetic opioids are increasingly being found in the drug supply.

Close coordination is needed for newborn screening follow-up. For these two conditions, the ADPH is partnering with the University of Alabama at Birmingham to evaluate and to confirm diagnosis, and ADPH provides information to healthcare providers and families for appropriate treatment.

The ADPH Bureau of Clinical Laboratories is the sole provider of blood analysis of newborn screening in Alabama. Helping Children Through the Loss of a Parent

There's nothing more heartbreaking than when a young child loses a parent. For the surviving parent, who must help their child navigate grief while also going through their own season of mourning, it can be an especially challenging circumstance.

In fact, many parents believe their primary role is to protect their child from feelings of intense sadness, and to project an image of strength; as such, they try to keep their grief private. Actually, it can be healthy for your child to see you shed tears or mourn in some other way. It helps them to understand what they are going through is normal, and it's okay for them to express their sadness in whatever way is natural to them.

Some parents also try to avoid the topic of grief, leaving it as the unmentioned elephant in the room. Again, this inclination comes from a good place, but may actually be counterproductive. If your child feels like they cannot talk about death or grief, the effect can be isolating. Always be ready to ask questions and have conversations, but let the child set the tone; if they're not yet ready to talk, there's no need to force it.

More than anything, it matters that you listen and you reassure your child that you love them and are going to take care of them. Journey with them through stages of grieving, understanding the death of a parent is never anything you "get over." At the same time, try to create a sense of normalcy; maintain as many of your regular rituals and activities as possible, helping your child see that even in grief, there are still things to feel joyful about.

CHURCH & LOCAL NEWS

PASTOR'S CORNER

by Kit Johnson, Pastor
Elba First Baptist Church

God's Word offers specific instructions, illustrations, and examples (specifically that of Jesus' life) on how Christians should treat others. We know to take care of orphans and widows. Our good works are not reserved for these alone; Jesus reminds us to not only love God, but also our neighbor in Luke 10.

The parable of the good Samaritan reveals that anyone and everyone is our neighbor. Additionally, Matthew 25 identifies a few ways we can serve our neighbors in Jesus' parable about the sheep and the goats.

As a reminder, Matthew 25:34-36 reads, "Then the King will say to those on his right, 'Come, you who are blessed by my Father; take your inheritance, the kingdom prepared for you since the creation of the world. For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in, I needed clothes and you clothed me, I was sick and you looked after me, I was in prison and you came to visit me.'"

A friend and I recently had an opportunity to visit with an elderly couple. I was reminded of a few of these passages as we fellowshiped together. We sometimes overcomplicate what it means to do "for the least of these" as Jesus goes on to identify those in need. We think doing for these involves opening our homes to strangers or visiting prison; while God can prompt one to do such things, the above is not an exhaustive list. The King's reply in Matthew 25:40 begins with, "Truly I tell you, WHATEVER you did..."

You see, God can use you to make a difference in the life of another in too many ways to count. It is up to us to seek the Lord's will in each situation. He will help you discern how to best love/serve Him through your loving/serving others. Take time to call that person you haven't heard from lately to remind them they are loved. Invite someone to lunch. Bake someone cookies. Ask if you can pray for them. This is just a reminder that we should be known by our love (John 13:35). Love family, friends, and strangers because they are all your neighbors.

Food pantry/clothing closet to be open March 25th at G.N.Z.M.B.C.

The Greater New Zion public Saturday, March 25, from 10 a.m. until 12 noon. The church is located at 720 E Davis Street, Elba.

Mount Zion Baptist Church will host April 1st Kids' Activity Day

Mount Zion Baptist Church, located at 774 County Rd 223 - Mixons Crossroads, in New Brockton, Ala., will host a Kids' Activity Day for Easter on Saturday, April 1, from 1-5 p.m.

There will be food, crafts, games, songs, an egg hunt, a skit, and much more as the Easter story is explored. Registration is required.

The Rightful King

Fairy tales and legends often feature stories about a just, good King to come. One famous example is that of Arthur Pendragon. When Arthur's father, King Uther Pendragon, died there were many who wanted to be crowned King. There was

a test, however: a sword embedded in a stone and engraved, "who so pullet out this sword of this stone is the right-wise born King of all England."

Many tried to pull the sword but could not. Yet, young Arthur, almost by accident, effortlessly pulled the sword from the stone. He was immediately recognized by all the knights and nobles as the new king. Heralds were sent throughout England to proclaim the new sovereign: King Arthur.

Christians also anticipate the coming of a King. The prayer that Jesus taught His disciples give us insight into what we can expect from the King whose Kingdom is breaking into the world. Though many 'kings' try to claim our allegiance, this King alone give us everything we need and is worthy of our deepest loyalty. - Standard Publishing, part of the David C Cook Family

"Happy Days Ahead" Mental Health Peer Support Group meets Monday nights at the Rabbit Hole in Elba, Ala.

The "Happy Days Ahead" Mental Health Peer Support Group meets every Monday night at the Rabbit Hole, 218 Factory Ave., Elba, beginning at 6 p.m.

This is a safe, confidential space to talk, network and grow in recovery. For more information, contact Rory Vignola on Facebook.

The residents of Serenity South Senior Living, the assisted living center formerly known as Taylor Mill Oaks, in Elba chose a "King and Queen" for their Valentine's Day celebration in February. This year, Dan Jacobs was crowned king of the event while Fay Johnson was crowned queen. Reportedly, lots of fun was had by all during the day's special celebration.

A small group of classmates from the Elba High School Class of 1967 gathered Wednesday, March 15, at Annie's Comfort Kitchen in Elba for lunch. The classmates try to "get-together" for lunch at least quarterly to eat and catch up with one another. Those making last week's gathering included (from left, around the table) Sam Faulk, John Lawless, Al English, Larry Sanders, Hayward Boutwell, and Randle Hodge.

On Wednesday, March 15, Jennifer Amlong, director of the Elba Public Library, visited the New Hope Senior Center to help the seniors celebrate Dr. Seuss month. Amlong read the story, *You're Only Old Once!* The seniors enjoyed the story and had the chance to draw their own Dr. Seuss characters. The character names ranged from Fantastic Fluffy Fanessa and Blooming Flower Shower to Mr. Tree Top, Happy Harry, and Laughing Louise. It was a wonderful experience for all, and the seniors from the New Hope Senior Citizens Center thank Mrs. Amlong for taking the time to visit the center and share with them!

Troy University library hosting Holocaust traveling exhibition

Troy University's Troy Campus Library is one of 50 U.S. libraries selected to host Americans and the Holocaust, a traveling exhibition from the U.S. Holocaust Memorial Museum that examines the motives, pressures and fears that shaped Americans' responses to Nazism, war and genocide in Europe during the 1930s and 1940s.

The touring library exhibition — will be on display March 20 — April 24. There will be political memorabilia from the era included in this exhibit.

"This is a Holocaust exhibit, but it is about the American response to the Holocaust," said TROY Professor Dr. Dan Puckett, who serves as Chair of the Alabama Holocaust Commission. "Many Americans don't know a great deal about the Holocaust, but they know even less about how America responded to it."

In addition to the exhibit, the library will host a lecture series and a workshop to aid teachers in teaching about the Holocaust. The lectures scheduled are:

- March 30, 12 noon — 1 p.m., Ann Mollengarden, "My Father's Story"
- April 3, 12 noon — 1 p.m., Lisa Leff, "The Archive Thief: The Man Who Salvaged French Jewish History in the Wake of the Holocaust"

The Holocaust Memorial Museum Guidelines and Timeline, will take place from 8 a.m. to 2 p.m. on April 12. The workshop is free to participants but registration is required at <https://ahcinfo.org/teacher-workshop-registration-basics-of-teaching-the-holocaust-troy-university/>.

I got the chance to eat 'lunchroom food' one day last week when I visited our grandson Lawson on grandparent's day at the Elba Elementary School, and while the garbage can was filled with hamburgers and fries, I thought the lunch was better than I had expected and almost cleaned my plate. I guess these students never heard of that infamous dish called 'chicken wiggle.'

For what it is worth....

*** *It was another busy week* for the Elba Tigers and Lady Tigers, but it was not a week either team will want to remember as both teams dropped key area contests. The Tigers had a chance to knock off seventh-ranked Florala, only to blow an eight-run sixth inning lead in a disappointing loss, while the Lady Tigers battled sixth-ranked Kinston to a 3-2 score heading into the fifth, but couldn't hold on and suffered their first area loss of the season. There are still a lot of games left on the schedule and I still expect both teams to be factors in the area races, they just need to pick up a couple of upset wins over quality opponents to realize how good they can be.

*** *A look around the area found* an interesting season getting even more interesting on both the baseball and softball fields. On the baseball diamond, New Brockton continued to be a team that is hard to figure out as it posted a 12-2 win over Brantley and then lost to Northside Methodist 3-2, while Kinston made some noise in the area with a sweep past Pleasant Home, Zion Chapel made it look easy in a double-header sweep past Abbeville and Brantley began to get well with a double-header sweep over Highland Home. It is still a little hard to predict which teams will still be around when the post-season starts, but they all have the potential to make some noise. Over on the softball field, Brantley continued to struggle to get past bigger teams and saw its record take a dip, but the Lady Bulldogs are still very much a 1A power and will be ready to roll as the schedule moves into area play. Kinston is ranked sixth in the state and has a solid team that has surprised some folks this season, while Zion Chapel may very well be one of the top 2A teams in the area and should make a lot of noise as the season progresses, and New Brockton is slowly getting better and better and will be just fine before long. Fans need to forget the score when they go to games and just cheer for their favorite teams, the cheering does make a difference.

*** *I didn't really expect Alabama to win* the SEC tournament and definitely didn't expect it to make the 'Sweet 16' of the NCAA tournament, yet the Crimson Tide is still around and is still playing like the #1 seed in the event. Alabama's quickness on both ends of the court is hard to attack and causes problems on both ends of the court, and it looks like the only thing that could stop a run to Houston may be a team that slows the game down and for the Tide to get cold from behind the arc. I am still surprised after every game they play, but I am still a Bama fan and am pulling for a national title in basketball. Auburn fans were disappointed in its second round loss in the NCAA tournament, especially since the games were being played in Birmingham. However, the Tigers played hard and probably went farther than they should have. Coach Bruce Pearl gets more out of his players than any coach in the nation and they all adopt his personality of being hard-nosed and aggressive, and that carries the team to lots of wins. Despite the less than impressive record, this may have been one of his best coaching performances on the plains.

*** *It came as a surprise to many area football fans* that former Elba Tiger head coach Ed Rigby had made the move to Luverne. Rigby left little 'ole Elba for 6A Eufaula a few years back and then headed to the capitol city to take over the reins at 6A Pike Road, but has seen his career go almost full circle and this season will be back coaching in the 2A ranks, where he was when he led Elba to back-to-back appearances in the state finals. I look for Coach Rigby to hang around Luverne for a while after a few years with the big boys, and wouldn't be surprised if he led his new team to a state title. Good luck Coach.

*** *In closing....* It was announced last week that the Elba spring football jamboree would be held on May 18 at Tiger Stadium and would include the 1A Elba Tigers, 2A Goshen Eagles and 5A Carroll Eagles. The teams will play each other for two quarters, which will give the fans a lot of football to watch since the jamboree will consist of six quarters of football. Circle the date on your calendars now - *football is just around the corner.*

Lady Tiger softball standout

Aimee Senn signs with Wallace C.C.

Elba Lady Tiger softball standout Aimee Senn said she had been dreaming about playing college softball since she was in the fifth grade. That dream came true last week when she signed to play with Wallace Community College!

"I have been playing softball pretty much all my life," said Senn, "and when I was in the fifth grade I knew I wanted to play college softball. My Dad and I have spent countless hours working to get better and it has paid off. I am excited to get the chance to continue playing at the college level and am grateful for Wallace for giving me the opportunity."

"Aimee has spent countless hours working to get better ever since her days in the rec leagues and it proves that hard work pays off," said Elba Lady Tiger coach Melissa Mularz. "She began her softball career years ago as a middle infielder and then moved to catcher when we didn't have anybody to fill the position, and through hard work, dedication to her team and pride in her own self became a top notch high school catcher. She is not only a really good player, she is also

SIGNING DAY FOR SENN.... Elba Lady Tiger Aimee Senn signed a softball scholarship last week to continue her career at Wallace Community College, in Dothan. Attending the ceremony were (seated, l-r) Melanie Senn, Aimee Senn, Johnny Senn, (standing, l-r) Lady Tiger head coach Melissa Mularz, Coach Jeff Carpenter and Coach Anna Harrelson. a really good teammate, and is what the kind of player we as coaches love to have on our team. I am proud of Aimee and know she will be successful at Wallace."

Senn, the Lady Tigers leading hitter as a junior, has played travel ball in the summer for almost a decade and credits that experience in helping her improve her skills.

"Playing travel ball can

be hard and take away a lot of your free time in the summer," added Senn, "but I got the chance to play all over the southeast against many of the top players in the nation, and it only made me better. The experience I got during the summer and fall on travel teams pushed me to get better, and even though nothing came easy, it helped me get to where I am now."

"I had planned to go to college and major in physical therapy when I didn't get a lot of offers from colleges," said Senn. "I thought this may be my last season playing softball, but I went to Wallace and after working out received an offer that I couldn't, and didn't want to refuse. It was an offer I had been hoping to get, and can't wait to play with the Lady Governors."

Zion Chapel Bass Team reels in second place tournament finish

It was another good day Saturday, March 11, on the water of Lake Jordan for the Zion Chapel Bass Team as Team Avery Padgett/Ethan Young fished their third tournament of the season for the East Alabama High School Bass Trail.

Team Padgett/Young walked away with a second-place finish with a weight of 14.44 pounds. Fifty boats registered for the tournament; fourteen of the teams were from Georgia. Forty-two of the fifty boats weighed in, which confirms it was a good day for fishing at Lake Jordan.

Lake Jordan, located 25-miles due north of the city of Montgomery, is a 6,800-acre impoundment on the Coosa River with 188 miles of shoreline. Lake Jordan was impounded by Alabama

Power company in 1928; however, in 1967 Bouldin Dam was completed which impounded an adjacent basin that connects Lake Jordan by a short canal. Lake Jordan is very fertile and supports high densities of sport fish and forage species.

Most anglers, especially the Zion Chapel Bass Team, are very satisfied with the bass fishing on Lake Jordan because it has remained consistent during their four years of tournament fishing.

The ZCBT thanks Taylor Renfroe for being their captain and so many family members and community supporters for showing up for weigh-in. The team will be back on the trail Saturday, March 25, at Lake Martin fishing the Alabama BASS Nation High School Trail Tiger Division.

ALEA's Marine Patrol launches boating basics/license course

Springtime in Alabama is just around the corner, so now is the time to prepare for boating season.

Troopers within the Alabama Law Enforcement Agency's (ALEA) Marine Patrol Division are conducting Boating Basics/License Courses, in both the southern and central portions of the state. Although the eight-hour sessions are free and open to the public, individuals interested in attending must contact ALEA's Marine Patrol to reserve a space.

The "Happy Days Ahead" Mental Health Peer Support Group meets Monday nights at the Rabbit Hole in Elba, Ala.

This is a safe, confidential space to talk, network and grow in recovery. For more information, contact Rory Vignola on Facebook.

Marine Patrol Division Chief Steve Thompson said, "We want to ensure all vessel operators and passengers are safe while enjoying Alabama's lakes, rivers and other bodies of water."

Prospective boaters who complete the course will have an opportunity to obtain a Boating Basics certificate, which is required for the boater endorsement on Alabama's driver license."

The one-day course sessions are designed to include interaction with

Troopers in ALEA's Marine Patrol Division, who spend time on the local waterways and discuss the particular challenges boaters may face. Anyone age 12 and older is welcome to sign up for the class as 12-year-olds are eligible to obtain a vessel operator's license for operating a vessel when accompanied by a licensed adult. At age 14, they are allowed to operate a vessel alone.

Upcoming classes will be held in southern and central portions of the state. Prospective boaters are encouraged to email the following Marine Patrol Troopers for the session they would like to attend and to confirm times and dates.
